

# Operation Christmas Child Service Project Chapter

KU CPFI Student

## Background

Our chapter has participated in OCC for the last 10 years. For 2021, our goal was to sponsor 60 shoe boxes through item and monetary donations.

## Purpose

OCC is an opportunity for students to pack shoe boxes with toys, clothing, or care products for children around the world during the Christmas season.

## Methods

Over 10 days of collection, we accepted monetary and item donations. The chapter used monetary donations to purchase OCC items. KU CPFI hosted a School of Pharmacy event to pack OCC shoeboxes. This event was approved as part of our professional development program.

## Results

82 shoe boxes collected, \$945 raised, \$350 OCC check donation

## Conclusion

Our chapter wanted to thank the National CPFI Organization for this amazing opportunity to extend our community service efforts, encourage pharmacy student involvement, and spread the kindness of Christ within the surrounding community!
