### BACKGROUND

#### Who We Are

We are a two sister CPFI chapters located in the Baltimore area with a shared vision of serving and spreading the gospel through Bible studies, praise nights, and outreach events.

#### Hygiene Products Donation

CPFI chapters of Notre Dame of Maryland (NDMU) and University of Maryland Baltimore (UMB) partnered with Churches for Streets of Hope, an organization that supports those fighting addiction, homelessness, or poverty in the Baltimore area (Essex, Maryland). We utilized the grant to provide high demand, everyday resources for the Men's Shelter in Boulevard Christian Church. The products were donated just days before Easter with a mission of spreading the joy and love of Christ.

### OBJECTIVES

- Provide necessary toiletries to Churches for Streets of Hope
- Support the members of the local community who are in accordance with Matthew 5:16 KJV *“Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.”*

### METHODS

#### Purchases

- Items purchased from Churches for Streets of Hope Toiletry Wish List:
  1. Toothbrushes
  2. Lip Balm
  3. Liquid Hand Soap
  4. Body Wash
  5. Antiperspirant/Deodorant
  6. Hand Sanitizer
- All purchases were made through Amazon.
- Total Cost: **\$498.26**

### RESULTS

On April 5th, 2023, students from UMSOP and NDMU visited Boulevard Christian Church to deliver the hygiene products and meet with their Men's Shelter managers. We were able to promote CPFI's vision of serving others through pharmacy and Christ, and share a supportive word.

### CONCLUSION

This project enabled us to meet the participants' practical needs. We implemented one of the core values of CPFI, to "provide support and opportunities for Christian service and outreach." We aim that our project inspires others to volunteer their services to a Christian program and lend prayers and support to local communities in need.
