

**2017 Annual Board Meeting  
Membership Committee Report**

2015-2017 Committee: **Amy Holmes, Suzanne Hussar, Kinbo Lee, Daniel Wilson, Eugene Lutz, Chair**  
**June 15, 2017**

Summary:

Solid lines are active (dues currently paid) students (red) and professionals (green). Broken lines are the number who did not renew with 12 months of their due date. The non-renewal students to professionals are individuals who would now be professionals but let their membership lapse while they were still students.

Comments:

- Membership trends are indicated on the graph and spreadsheet attached. Professional membership is down about 8% and Student Membership is down 22% over 2016 totals thru May. Since May 2012 our professional membership has fluctuated between 389 and 455 (average is 425) so we are near our average this year. Student Membership has fluctuated between 672 and 428 (average of 550) so we are down significantly this year from our average. Total membership compared with May 2016 is 939/2017 vs 999/2016- so we have some work to do, especially in the student membership area, but also overall!
- Since our last Board meeting CPFII hosted a breakfast at APhA in San Francisco. Our speaker was CPFII member Bill Kehoe and we had around 50 in attendance, including some non-members. The program and venue worked very well and, due to significant negotiating by Nena we had a nice continental breakfast and stayed pretty well within the budget- attendees paid \$25.00/person!
- There are a lot of numbers on the graph and spreadsheet indicating both paid up members by date along with analysis of delinquent members each year delineated by length of time delinquents for each year. If you have questions about these figures, please ask Ron Herman who pulls the data from our website membership statistics.
