**Student Chapter Advisory Committee Report**

October 31, 2019

Dear CPFI Board of Directors,

There has been some restructuring in the Student Chapter Advisory Committee (SCAC) Chairperson role following the 2019 CPFI Annual Conference this past summer. It has split into three positions, SCAC Co-Chairs, with a shared primary role of providing oversight for the student ministries and responsibilities divided among Tristram Ford, Jessica Langdon, and myself as follows:

- Tristram: *Oversee the National Student Council (NSC) and assist in the National Student Retreat*
- Jessica: *Provide guidance to new chapter inquiries, answer questions from chapters, assist in choosing student awards*
- Pakou: *Student scholarship, oversee the Hands and Feet grant, assist with social media updates*

We all share the task of following up with chapters that may be slipping away and serving as a resource to connect them to the national organization. Collectively, this summer we have accomplished the following:

- Responded to questions and provided guidance by email to new and existing student chapters
- Reviewed 2019 CPFI Hands and Feet Grant proposals and selected 4 recipient chapters; this year we received a total of 9 application submissions
- Reached out to individuals interested in becoming a SCAC member

Kelly McGloin continues to serve on the National Student Council as the Regional Directors Coordinator providing oversight for the regions and communicating with Regional Directors. She would like to report the following:

- There were 60 schools that completed chapter update forms last year and so far we have 60 schools that have submitted forms this year
- We still have 12 schools that completed the form last year that we are waiting for new ones
- We have also heard from 10 schools that they do not currently have an active chapter

We pray for a blessed time of fellowship for all attending the November board meeting in Louisville.

For His glory,

Pakou V. Remick, PharmD

Jessica T. Langdon, PharmD, MBA, BCPS, NCTTP

Tristram Ford, PharmD

*Student Chapter Advisory Committee Co-Chairs*
