

2024 CPFI Annual Conference & National Retreat

Be Transformed by the Renewing of Your Mind - Romans 12:2

Bonclarken Conference Center
Wednesday May 29 to Sunday June 2, 2024

As of now, for the 2024 CPFI Annual Student Retreat I plan to have a similar structure/schedule to previous years. I'm planning to have myself and another member of the National Student Counsel lead worship and devotionals to open both Wednesday and Thursdays programming. I hope for at least one, if not both, of these devotionals to tie in the theme verse Romans 12:2 and tie in specific struggles of pharmacy school/being a student/being a young adult. The first evening of the retreat will also include chapter updates, icebreaker activities, and a movie or game night as most people will have had a long travel day. The second day will include several speakers in addition to elections for the next NSC. I have not confirmed who these speakers will be but am hoping to have a few recent graduates speak about their experience of the first few years out of school in their careers/residencies/fellowships as well as a professor give a presentation on the topic of their choice. Potential speakers include those from previous years as well as those from my own university, VCU. I plan to have Thursday evening close with more fun activities with the aim being fellowship between students from the different universities. The remainder of the student programming on Friday and Saturday will be more dependent on the schedule of the larger conference so that is still pending.

Thank you,
Courtney Jenkins-Lipscomb
NSC National Retreat Coordinator
