

CPFI Board Meeting – NSC Report

Chair – worked alongside the Student Retreat Coordinator to help in any way I can. Have had monthly meetings. Last one was held on May 12th. Introduced Logan to the role and what to expect from it. Helped with getting elections rolling and sent out weekly reminders for people to apply.

Chair-Elect (Logan) – Didn't do a whole lot this semester.

Publicist (Ashlyn) – Continued to send out quarterly newsletters.

Membership Coordinator (Maggie) – working on getting into contact with those students who have fallen off membership. States there might still be some work to do for the incoming officer.

National Student Retreat Coordinator (Katherine) – She has continued to work with Nena about getting everything ready for the conference. Able to get a t-shirt design and able to order them. Multiple students say they wanted CVs to be reviewed so were able to get CPFI members to help out. Also had multiple students interested in getting a mentor. She has worked extremely hard to get this retreat coming along.
