

# 2023 Operation Christmas Child at University of Incarnate Word Feik School of Pharmacy

With over 40 attendees, the Christmas spirit was in full swing at the CPFI Operation Christmas Child (OCC) packing party at UIW. OCC is our annual philanthropy project which focuses on creating shoebox presents to send to children in need around the world in partnership with Samaritan's Purse. These gifts are a way to spread God's word and for some children, are the first and only Christmas presents that they will receive. With the numerous donations received from our Amazon Wishlist, we put together a total of 254 physical shoeboxes with additional boxes to come from our online goal page. The boxes were taken to Community Bible Church for distribution during the holiday season. We are so thankful to all of our CPFI members, guests from the UIW School of Optometry, as well as the main campus students for all of their hard work in creating these beautifully packaged presents.
